The pre tour planning gatherings are the essential key to ensuring:

1. That the group's expectations can be realistically fulfilled, within the constraints of time, cost and physicality.
2. How individual aspirations can be accommodated, ie extended stays.
3. That the group meet and interact well prior the departure.

Such gatherings enable Boundary Breakers to subsequently arrange inspirational and challenging encounters with the authentic people of the Land.

Once having understood the group's aspirations John Drake then contacts key programme contributors and Boundary Breakers trusted tour operator **Worldwide Christian Travel Ltd** to negotiate costs.

The group will then be reconvened to agree:

1. The itinerary in detail
2. Practical essentials
3. Individual responsibilities ie insurance, COVID testing, Visa's
4. Financial and booking terms & conditions

All selected guides **hold a professional license** and are multi lingual.

Our programme contributors are drawn from a diverse spectrum. They include Jews, Muslims, and those drawn from different Christian expressions including Jews and Palestinians who worship Jesus as Lord.

Our aim is to ensure that the group appreciate the rich diversity and immense cultural heritage of all who live in the land and to ensure that the group return home with a deeper understanding of the social, political, and cultural environment that shaped the life of Jesus of Nazareth and thus empowered and better equipped to serve in their own ministries.

John Drake fell in love with Jerusalem when, in 1969 he was asked by the then Anglican Archbishop in Jerusalem to undertake "street work" in the Old City.

On his return to the UK John enjoyed an active Christian ministry serving at Bournemouth, Carlisle and London Central YMCA's before moving to YMCA Norfolk and serving as CEO until his retirement in 2009

Currently he works with a range of different agencies by supporting their programmes in both Israel and Palestine. He visits the Holy Land three or four times a year.
